

Steam Navigation Collar Capelet – Hot Air Balloons Print (SIZE L) - Collar is Designed & Handmade in Australia by Ventriloquist Court®

DESCRIPTION

The steam navigation capelet is made out of 100% cotton dark purple-grey hot air balloons print on a natural colour background with light khaki green 100% cotton drill for the lining. Fitting over the shoulders, the capelet is cropped in design with the length at the front sitting just above the bust and with the back forming a slight 'V' shape. The front of the capelet closes with gold-coloured solid brass hooks, but the design also supports an open front. Forming an arch shape in avant-garde and steampunk flare, the collar is made of two rows of 'pleats' interfaced with heavyweight polyester for structure and is decorated with four brass buttons on each row.

CARE INSTRUCTIONS FOR COLLAR

Hand wash the capelet in cold water with mild detergent and line dry (recommended: lay flat to dry or on a clothing hanger). Try to avoid getting any detergent on the (removable) brass hooks. The hooks are jewellery-grade brass, and the brass manufacturer recommends cleaning it with a regular damp cloth only.

Use a hot iron appropriate for medium-weight cotton. If the collars ever get crushed, ironing them with a medium-hot setting will help restore the shape.

SHIPPING METHOD

Orders under \$150 AUD ship by economy airmail. There's no online tracking and no signature delivery for economy airmail, but you will always receive proof of posting, and delivery is usually 2 weeks to most international cities and metropolitan areas.

However, a shipping upgrade to include tracking for international packages is available for an extra \$10 AUD.

- * Gold tone hook closures made of solid brass (USA-made hooks & labelled lead-free)
- * Irregular round metal castings made of copper-coated pewter with an antiqued brass finish (labelled lead-free & made in Greece)

SIZE LARGE

Is a size L a good fit for you? The garment shoulder width is 22 inches. For this capelet style, your shoulder width should measure no more than 18 inches for a good fit.

BACK SHOULDER WIDTH: First, locate your shoulder points – this is where your shoulder begins curving down to your arm. Then, have your helper measure your shoulder width by starting at your left shoulder point and slightly curving the tape measure along the ridge at the top of your shoulders and stopping at your right shoulder point.

[In this example, her back shoulder width is 15 inches or 38cm. Your back shoulder width should measure no more than 18 inches, for the size L capelet]
