

**Long Underwater Poetess Skirt - The Poetess' Paintbrush Collection**  
**by Ventriloquist Court®**  
(Designed, Handmade, & Hand-painted in Australia)

DESCRIPTION

The long underwater poetess skirt is hand-painted using professional eco-friendly textile paint (Australian-made paint). The underwater negative print is created from my own hand-drawn coral, starfish, and seashell silhouette cutouts. Since the print is hand-painted, the placement will be a little unique to each skirt. The paint is also heat-cured to protect the colour from washing out or fading.

The skirt is available in any gradient colour. For a colour gradient not listed, message me to discuss other colour possibilities prior to purchase. I will do my best to mix up your dream colour!

A half circle skirt, the hemline is an ankle-length. The fabric is a medium-weight 100% cotton drill, and therefore the skirt is not lined. There are vintage Czech glass buttons hand-sewn onto the skirt's front. The skirt closes at the back with an invisible zipper and vintage Czech glass buttons. There is darting on the back and front of the skirt for fitting.

The colour and size of the buttons that will be used on your skirt will depend on stock availability. I will select buttons which best suit your chosen skirt colour. If you have a specific size and colour in mind for the buttons, contact me first prior to ordering to see my current vintage button collection.

QUESTIONS

For any questions or problems with checking out, please don't hesitate to contact me. I'm always happy to answer questions from courteous customers.

If you'd like to be sure of the thickness and feel of painted cotton drill, please message me with your address for a free fabric sample. A small sample will be posted to you by regular mail, which usually takes 2-3 weeks to most international destinations.

## CARE INSTRUCTIONS

Hand wash the skirt in cool soapy water using mild soap such as castile soap. Rinse the skirt in clean cool water.

Use a medium-hot iron with low steam. It's recommended that you either iron on the reverse side (i.e. the opposite side of the painted fabric), or iron on the painted fabric once you've first covered it with baking paper (the baking paper will make it easier for you to glide the iron around).

## DETAILED INFO ABOUT MATERIALS:

- \* Professional non-toxic eco-friendly textile paint (vegan-friendly) made in Australia
- \* Medium-weight 100% cotton drill fabric (200gsm). Colour before painting is white.
- \* Vintage stock Czech glass buttons with a metal look made in Czechoslovakia (most likely in the 1960s, but possibly earlier) – Colour and size will vary, depending on which buttons are available and best match your chosen skirt colour.
- \* Invisible zipper made of polyester (USA-made)
- \* Hook & eye clip (vintage stock made in England; silver colour; type of metal is not specified on packaging)
